Dan Ch 2 - The legs of iron is not the Roman empire. They had many neurotic, egotistical emperors, but none that personified the antichrist spirit. The holy land is the emphasized location.

Dan Ch 7 - The 4th beast is not the Roman empire; this dream was about re-vealing four antichrist spirits. Scripture does not require the kingdoms to be successive.

Dan Ch 8 - Chapter 8 skips Rome. The Roman empire is not mentioned between Antiochus Epiphanes IV and the antichrist.

Dan Ch 11 - Chapter 11 skips Rome. The Roman empire is not mentioned between Antiochus Epiphanes IV and the antichrist.

The future rise to power of the antichrist and imperial cult worship is seen in all four chapters.
